

ALL WRONG

The Mistake Is Made by Many Barre Citizens.

Don't mistake the cause of backache. To be cured, you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache.

You must cure the kidneys.

A Barre resident tells you how.

Mrs. Margaret Reid, 40 Maple avenue,

Barre, Vt., says: "I gave a public statement in favor of Doan's Kidney Pills in 1905, and I am glad to confirm it at this time for the benefit of all persons who suffer from kidney trouble. For more than three years I was bothered by backaches and at night I suffered so intensely that I could not sleep. During dark weather I was always worse, and although I wore plasters I obtained only temporary relief. When Doan's Kidney Pills were recommended to me, I procured a box at E. A. Brown's drug store. They relieved me in a short time and I continued taking them until the pain in my back was relieved. Doan's Kidney Pills helped me in every way, and I have had little or no trouble from my kidneys since."

For sale by all dealers. Price 50 cents.

Remember the name—Doan's—and take no other.

Life Insurance or Death Insurance—Which?

"People willingly pay large sums for life insurance, which is really death insurance; but real life insurance frequently consists in taking Eckman's Alternative.

Can any "lunge sick" person afford not to take the Alternative?

It sharpens the appetite, makes life look different, brings better health with greater earning power. Often persons are so much improved that they can work even before they are finally cured. Investigate it, if you are broad minded enough to believe that there can be a cure for Consumption which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:—

Gentlemen: "During 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption."

(Signed) ARTHUR WEBB.

Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence. For Sale by all leading druggists and Burt H. Wells, Barre, Vt.

CLAIM INCOME NOT ENOUGH.

Two Daughters of Augustus B. Martin Want \$5,000 of Principal.

Lynn, Mass., Feb. 2.—Whether a \$12,000 income is sufficient for the needs of the daughters of Augustus B. Martin, will be decided on a petition for instructions brought by the trustees under Mr. Martin's will. The petition has been reserved for the full bench of the supreme court by Judge Hammond.

Mr. Martin, who was a morocco manufacturer of Lynn, died December 21, 1907. He made a will on March 2, 1901, leaving his entire estate his wife, Elizabeth, his daughter, and his two daughters, Alice Gertrude and Lizzie May Martin, and providing that in a certain contingency the fund should go to the Lynn hospital.

Almost a year after making his will, Mr. Martin added a codicil in which he gave to his wife and daughters the right to draw upon the principal if the income was insufficient to support them in the manner in which they were accustomed. The wife and children were to be the sole judges in deciding this question.

Before Mr. Martin died, his wife died, February 1, 1906, and Mr. Martin then made a second codicil, appointing his daughter, Alice, as one of the trustees in place of his wife, who had been named in the will. The question now before the court is the effect of this second codicil on the codicil giving the daughters the right to say what is a sufficient income. The trustee has doubted his power to comply with a request made by the daughters for a part of the principal in addition to the income of the estate. The Lynn hospital also opposes any diminution of the principal and claims that the income is ample for the needs of the daughters. Judge Hammond has intimated that he thinks the daughters' right to judge what they need is unimpaired by the second codicil.

While Mr. Martin's wife and daughters were living in Europe for several years, he allowed them \$14,000 for their joint expenses. After Mrs. Martin's death the daughters were given \$12,000 a year. The action which gave rise to the present petition was a written request by the daughters on the trustees for \$5,000 to be paid to them out of the principal fund to enable them to meet their debts and outstanding obligations. Louis M. Winslow, a trustee, thereupon filed the petition for instructions.

Grandmother Chase's Fruit Cake.

"Work one pound of best butter until creamy," says Fannie Merritt Farmer in Woman's Home Companion for February.

"Add gradually one pound of brown sugar and continue heating until mixture is creamy. Separate yolks from whites of twelve eggs and beat yolks until very light; add to first mixture, then add one pound of flour (excepting one half cupful, which should be reserved to dredge fruit) mixed and sifted with one and one-half tablespoonful each of clove and mace, and one nutmeg grated. Seed and cut in pieces two pounds of raisins, add one pound of currants, stemmed and rolled in just as little flour as possible to separate them. Thinly slice and cut in pieces three-fourths of a pound of citron. Mix fruit with reserved flour and add to cake mixture with one cupful of best brandy and whites of twelve eggs beaten until stiff. Just before putting into pans add one tablespoonful of soda dissolved in one tablespoonful of hot water. Bake in deep cake pans, lined with buttered paper, in a slow oven three or four hours."
